

AIC Imaging Working Group (IWG) Meeting Agenda

Tuesday, October 6, 2020
1:00pm-2:00pm EDT

1. Welcome Remarks

- A short, easy Zoom Poll will appear on the meeting screen as attendees are joining meeting. Please take a moment to take this poll when you join the meeting. This provides an introduction and overview of who is joining the call and where they are coming from.

2. Introductions – Since the group will be too large to do an around-the-room introduction, we will all briefly meet a small random selection of colleagues using Zoom breakout rooms. Use this opportunity to greet some new people in the imaging community. Consider sharing the following about yourselves:

- Name, title/field, location, institution
- Why you are interested in participating with the IWG
- What topics are you interested in being included as part of the Imaging Wiki

3. AIC IWG and the Imaging Wiki — Brief presentation to introduce the working group, the leadership team, and the aims of the Imaging Wiki.

4. IWG Call for Participation —Overview of getting involved with the IWG and developing the Imaging Wiki. This is a volunteer community project and it relies on all of us to collaborate and contribute!

5. Questions —With such a large group there will not be a good option for a group discussion, but there will be time to ask some questions.

6. Next Steps and Closing

- We will share a link to a GoogleForm to get an understanding from meeting participants of the level of interest and participation. These results will help us to identify the team leads, initial wiki editors, and topic group members.
